

Cisco Certification

AY (2024-25)

Cisco AICTE Virtual Internship

Cisco Networking Academy offers the Virtual Internship Program to second and third-year engineering students to bridge the gap between industry and academia. This is the first time in India that the virtual internship model is being piloted at scale in a collaboration between industry and government for 20,000 students. Virtual internships make it possible to offer experiential learning opportunities to more students.

This program redefines experiential learning gained during an internship. In a conventional internship model, students gain knowledge and skills and then work on a problem statement to gain hands-on experience with the guidance of an industry professional.

Shah and Kutchhi Engineering College students accomplished the Cisco AICTE Virtual Internship in 2024.

Cisco AICTE Virtual Internship Program 2024 : Total 234 students have successfully completed

Sr. No.	Name	Surname	Department
1	Samruddhi	Pande	Artificial Intelligence & Data Science
2	Preksha	Dewoolkar	Artificial Intelligence & Data Science
3	Dhruvi	Chheda	Artificial Intelligence & Data Science
4	Yadnyesh	Thakare	Artificial Intelligence & Data Science
5	shanthanu	shenoy	Artificial Intelligence & Data Science
6	Krishna	Bhanushali	Artificial Intelligence & Data Science
7	Anshul	Chauhan	Artificial Intelligence & Data Science
8	Aditya	Magar	Artificial Intelligence & Data Science
9	Bhoomi	Chotaliya	Artificial Intelligence & Data Science
10	Kaushal	Mhatre	Artificial Intelligence & Data Science
11	Pratham	Mali	Artificial Intelligence & Data Science
12	Aaryan	Kamerkar	Artificial Intelligence & Data Science
13	Saniya	Shah	Artificial Intelligence & Data Science

14	Haireet	Mehta	Artificial Intelligence & Data Science
15	Dhruv	Patil	Artificial Intelligence & Data Science
16	Samiksha	Thakur	Artificial Intelligence & Data Science
17	Anshuil	Pal	Artificial Intelligence & Data Science
18	Aditya	Shetty	Artificial Intelligence & Data Science
19	Shravani	pingle	Artificial Intelligence & Data Science
20	Abhishek	Dapse	Artificial Intelligence & Data Science
21	Drashti	Gajra	Artificial Intelligence & Data Science
22	Shrawani	Sawant	Artificial Intelligence & Data Science
23	Srushti	Laxman	Artificial Intelligence & Data Science
24	Bhavin	Waghela	Artificial Intelligence & Data Science
25	Chirag	Patankar	Artificial Intelligence & Data Science
26	Krish	Savla	Artificial Intelligence & Data Science
27	Himneesh	Bhatte	Artificial Intelligence & Data Science
28	Shubham	Lonkar	Artificial Intelligence & Data Science
29	Shubham	Jain	Artificial Intelligence & Data Science
30	Prasad	Vichare	Artificial Intelligence & Data Science
31	Ajay Selvan	Nadar	Artificial Intelligence & Data Science
32	Vipul	Parmar	Artificial Intelligence & Data Science
33	Swayam	Karapurkar	Artificial Intelligence & Data Science
34	Shreya	Kudale	Artificial Intelligence & Data Science
35	Moksh	Gala	Artificial Intelligence & Data Science
36	JANHAVI	BHOIR	Artificial Intelligence & Data Science
37	Aarsh	Sharma	Artificial Intelligence & Data Science
38	Piyush	Haldankar	Artificial Intelligence & Data Science
39	Tejaswi	Yadav	Artificial Intelligence & Data Science
40	Shubh	Shah	Artificial Intelligence & Data Science

41	Snehal	Rajbhar	Artificial Intelligence & Data Science
42	Md Endan	Mollick	Artificial Intelligence & Data Science
43	Harshith	Poojary	Artificial Intelligence & Data Science
44	HARISH	SHINDE	Artificial Intelligence & Data Science
45	Tushar	Patel	Artificial Intelligence & Data Science
46	Goopesh	Sheth	Artificial Intelligence & Data Science
47	Rohan	Chandan	Computer Engineering
48	Yash	Patel	Computer Engineering
49	Harsh	Gadhavi	Computer Engineering
50	Arya	Nadkar	Computer Engineering
51	Prisha	Gala	Computer Engineering
52	Vedanti	Dabholkar	Computer Engineering
53	Parth	Kothavale	Computer Engineering
54	Sejal	Jadhav	Computer Engineering

Analysis of CISCO-AICTE- Virtual Internship Program department wise

Cisco Ideathon 2024

Cisco Ideathon – Cisco's flagship talent search and university hiring program is all set to begin its 6th edition. This unique program is a springboard for original ideas, technological prowess, and concepts that will craft the future.

The program is a great opportunity for students with potential and creativity to join Cisco's technological innovation. The qualifiers for the Cisco Ideathon are awarded an internship opportunity followed by a full-time placement within Cisco.

Final-year students are invited to register for this unique opportunity, which provides a way for students to lead with inventive thinking and novel perspectives.

Eligibility Criteria

- 🏠 The student must be from a Cisco Networking Academy - India
- 📚 Student must have completed all the required pre-requisites
- 📊 CGPA Cut-off: 6.0 and above (highest degree)
- 🚫 No current backlogs / arrears at the time of participation

Cisco Courses Certifications

Cisco Networking Academy (NetAcad) provides a range of certifications to enhance individuals' skills and knowledge in networking and information technology. These certifications are recognized globally and designed to validate Cisco technology expertise. Here is a general overview of Cisco NetAcad certifications:

Cisco NetAcad provides a structured learning environment through online courses, hands-on labs, and assessments. Students can access various resources, including interactive simulations and virtual labs, to gain practical experience with Cisco technologies.

From Shah and Anchor Kutchhi Engineering College, around 1305 students have completed various courses in the academic year 2024-25 till now.

Networking Essentials
JavaScript Essentials 1 (JSE)
Programming Essentials in C
Programming Essentials in Python
Introduction to the Internet of Things (IoT)
IoT Fundamentals: Connecting Things
IoT Fundamentals: Big Data & Analytics
Introduction to Cybersecurity
Cybersecurity Essentials
IoT Security
Introduction to Packet Tracer

SAKEC Internship + CISCO Skill A Thon 2024

We are proud to announce the successful completion of the SAKEC Internship + CISCO Skill A Thon 2024, where **266** students have enhanced their technical knowledge and skills through specialized courses.

- ◆ First-Year Students (All Branches) – Completed **Introduction to Cybersecurity and Network Support and Security**
- ◆ Second-Year Students – Completed **Networking Basics**
- ◆ Third-Year Students – Completed **CCNA: Introduction to Networking**
- ◆ Final-Year Students – Completed **Data Analytics Essentials**

This internship provided students with valuable industry-relevant training, preparing them for future opportunities in cybersecurity, networking, and data analytics. Congratulations to all the students for their dedication and achievement!
